compassion

Amazing things we have been up to this week!

The week started on a high with a visit to **Heron Café in Barrowford**. Students were given the task of researching the cost of a hot chocolate followed by a functional skills maths lesson to work out financial scenarios. We walked through the village avoiding the puddles to meet the lovely owner, Deborah, who served us our delicious hot chocolates. Leo did a fantastic job of ordering and initiating conversation with Deborah about her many four-legged visitors that frequent the café!

Charlotte's favourite day of the week is PE day, as Holly at **Empower Gym** delivers a circuit of activities for us all. We're sure there must have been some stiff muscles on Friday morning!

The week has ended with our favourite activity, Forest School at **Harwes Farm**. Today they have started outdoor fires for cooking and managed to get them going despite the bad weather conditions. I think we can congratulate our students, and Liz, for demonstrating their resilience on the farm today as they battled the elements.

Learning on site this week has involved creating 3D life timelines in History, Studying the battles between the Celts and the Romans, identifying features of a biography in English and completing an escape room project in Citizenship. Once again another fantastic week at Grow School.

Harwes Farm

Empower Gym

Heron Cafe

What's on next week?

Wednesday – Empower Gym (Change of day)

Thursday – Trip to Salts Mill

Friday – Harwes Farm

End of term (2 week closure)

Important Information

We are very excited to introduce a new starter in school next week (Part time.)

Thank you to all parents for your prompt return of consent forms for the SALTS MILL Trip on Thursday.

We break up for two weeks on Friday 9th, returning to school on 19th February.

A polite reminder, due to the size of our setting, please can parents avoid coming up the stairs into the school.

Please can you remember to pack a coat with your child each day as we are often going out into the community and very rarely are we put off by rain!
